

22-25 SEPTEMBER 2025
LEIPZIG | GERMANY

ISAM 2025

13th International Symposium
on Anaerobic Microbiology

MAIN TOPICS

Biogas Microbiology | Gut Microbiology | Anaerobic Fungi
Biotechnological Applications of Anaerobes
Molecular and Omics Approaches to Analyze Anaerobic Microbiomes
Novel Cultivation Approaches to Isolate Anaerobes
Anaerobic Wastewater Treatment | Microbes in Anoxic Environments
Anaerobic Degradation of Environmental Contaminants

KEYNOTE SPEAKERS

Alexander Loy University of Vienna

Diana Machado de Sousa Wageningen University & Research

Andreas Brune Max Planck Institute for Terrestrial Microbiology

Maria Westerholm Swedish University of Agricultural Sciences

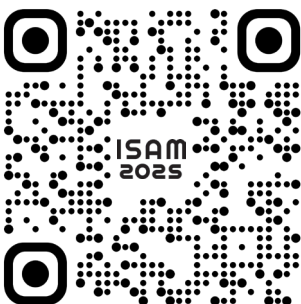

CALL FOR ABSTRACTS

SUBMISSION DEADLINE: 15 APRIL 2025
