

PITCH!!!!

Your IDEA

for the BioEconomy
Region 2017

March 16th, 2017
@ UFZ KUBUS,
Leipzig

Pitch event:
Workshop BioEconomy 2017
“How to manage bioeconomy regions?”

Local & decentralized biochar production as an alternative to uncontrolled deforestation in Africa

Daniel Fischer

- PhD Candidate Institute of Agricultural and Nutritional Sciences (IAEW), Martin-Luther University of Halle-Wittenberg (MLU)
- Dipl.-Ing. Landscape Management & Nature Conservation

Valorization of coffee grounds by reuse for fuel logs production

Dang Huyen Chau

- M.Sc. Hydro Science and Engineering, Technical University Dresden

BEECHPOLE – Moulded wood profiles and shells

Prof. Dr.-Ing. Peer Haller

- Chair of Timber Engineering and Construction Design, Technical University Dresden
- Member of BioEconomy Leading Edge Cluster

CYPRO – A consumer approach to the circular economy

Mary Osorio Baena

- Candidate of M.Sc. Environmental and Resource Management, Brandenburg University of Technology
- Technologist in Finance, Industrial Engineer

BIOSUCHE – An internet search engine for sustainable bio food from the region

Sergej Sizincev

- Founder at Social Impact Lab Leipzig

FLEXGAS – Thermochemical system operating with a wide range of biomass for decentralized applications

Dr. Fouzi Tabet

- Dr.-Ing. Mechanical Engineering, Department Thermochemical Conversion DBFZ Deutsches Biomasseforschungszentrum gemeinnützige GmbH
