Guiding questions

What was your main motivation for choosing your current postdoc position? What are your goals with this career step?

What activities or information sources did you use to find out about your career options outside of academia? (e.g. company fairs, career events, mentoring, consultations...)

Besides your academic studies and scientific activities, what activities or interests have brought you into contact with non-academic occupational fields so far? (e.g. internships, part-time jobs, voluntary work...)

What personal, interdisciplinary skills do you bring to make your Win:Winship a fruitful and meaningful experience for you?

What are the most important questions you would like to clarify for yourself during the Win:Winship?

Which business sector are you particularly interested in? Do you already have an idea in which company you would like to conduct the Win:Winship?

My leader is informed about my application for the Win:Winship program and agreed on it.
